

TRAY SEALING MACHINE

Robust construction

welded construction based on highest quality brushed stainless steel AISI 304

Ad-pressure system to absorb pressure

- regulation of package pressure on the heat plate
- eliminates gaps, leaks and prevents package breakage

Film feeder with tensioner to protect film from curling

- quick assembly
- special roller guide
- film secured against sideways movement

Frame made of specialized corrosion-resistant alloy

Non-stick sealing surface

- enables fast sealing
- prevents foil tape from sticking
- triple Teflon-coated

Heater

- system of fast, even distribution of heat over the entire plate
- special positioning and insulation to reduce heat loss

Temperature control from 0°C to 220°C

- allows precise temperature adjustment to the type of film and packaging used

Cutting of the film

- is carried out by means of an automatically extending blade just behind the sealing container
- easily handles any material, even the thickest

Included with the dies:

PROTECTIONS

- overheating protection
- retractable guillotine
- insulated, non-heat-conducting pressure arm
- anti-slip feet to stabilize the machine
- overload fuse

- illuminated on/off system with flood protection
- visible danger signs
- isolated power regulator
- innovative heat dissipation system
- arm drop protection

TRAY SEALING MACHINE

- designed for use in all kinds of catering facilities
- made of high quality brushed stainless steel AISI 304
- smooth and precise temperature control
- notice of readiness to operate
- dimensions approx. 565 x 260 x 220 mm
- heating time up to 10 minutes
- sealing time up to 3 seconds
- automatic film cut-off
- tensioner to prevent the film from curling
- sealing pressure damper
- insulated handle to prevent overheating
- automatically retractable guillotine in protective cover
- sealing surface covered with special Teflon
- high power heater
- anti-slip feet
- special aluminum alloy die
- detachable power cord

FRAME TYPES RK 1900

FRAME TYPE	NAME
	SINGLE RK 211001
	DOUBLE RK 211002
	DOUBLE COLT RK 211012
	TRIPLE RK 211003
	BOL SOUP 400 RK 113001
	BOL SOUP 500 RK 136001
	TWO TRAYS SKEW RK 105105
	ONE SMALL TRAY RK 105001
	TWO CONTAINERS 162 RK 162162
	SINGLE RK 172001
	TRIPLE CHINOL RK 211013
